

FOSBENDER FENDER BENDER

Sponsored by

*Come and experience one of the world's
southern-most sled dog events, run on
NZ's first purpose built Sled Dog Area*

Saturday 24 and Sunday 25 August 2019

Hosted by Southland Sled Dog Association

**NZFSS Sanctioning applied for
(with thanks to Trail Blazers Sled Dog Club)**

General Information

Local Rules for this event

1. **Starting intervals**

We have an approved local rule that allows us to utilize a 1 minute start interval for 1 and 2 dog scooters should the race committee deem it necessary.

2. **Race trail**

We have an approved local rule that will allow us to utilize narrow trail where passing will not be acceptable. The rule approval states these sections cannot be longer than 200m and cannot exceed a total of 10% of the total trail length. Trail marking will be explained at the Musers' Meeting.

General Trail Description

All the racing during the Fossbender Fender Bender will be run on loop trails from a common staging area, with Start and Finish within 100m of one another. The Finish line will be the same for all races.

The running surface in the open areas will generally be cut grass (bit lumpy in places) and bare patches of sand. In the forest section the running surface will be compacted pine needles on a sandy base. The terrain is essentially flat with a few undulating sections over old sand dunes. There are also some negative camber corners on the trail network.

There are sections of the trails that meander through pine forest and as a consequence there are some tight bends, and several places where the tree spacing narrows the trail. The forest sections are relatively short and passing may not be practical everywhere. This applies particularly to the larger teams. A program of trail widening is an ongoing process.

Common sense and good sportsmanship must prevail.

The SSSA Race Committee will confirm all courses prior to the Musers' Meeting taking into consideration track conditions, logging and weather. It should be noted that, even though the area is situated on a well-drained sandy base, during and immediately following heavy rain, there will be standing water along sections of the trails and probably a bit of mud too. There is also a chance of encountering the odd shallow wheel rut - rigs and scooters with a knobby front tyre will be the least affected.

Detailed trail conditions will be available at the compulsory Musers' Meeting.

Catering (burgers, chips etc) and coffee will be available on Saturday from 9am until the end of racing.

Start interval: 1 minute.

Sunday 25 August

9.8km, 7.5km, 4.5km (morning) Open Fun Race

Unsanctioned Scooter or Rig, up to 6 dogs, choose your distance on the day. All courses will be marked, turnoffs marked with distance options. Checkpoints at three points on the trail. Collect a coloured peg at each checkpoint you pass. 4.5km competitors will collect 1 peg, 7.5km competitors will collect 2 pegs, 9.8km competitors will collect 3 pegs. No need to pre-advise your chosen distance – number of pegs collected will indicate which course you have run. Time penalties will apply for the wrong colour or number of pegs returned (e.g. collecting only the 9.8km course peg without the other 2 pegs). Loop trail with finish at the CaniDen.
Start interval: 3 minutes

Breakfast and Prizegiving (late morning)

To be held at held in the Scout Den Common Room. Full cooked breakfast catered by Southern Fare.

Please note: all course distances listed are approximate.

Some Important Points

- As always, the Race Marshall's decision is final.
- As a consequence of our Safety Management Plan:
 - Safety helmets are compulsory for all classes. Except canicross.
 - Neckline connecting double lead dogs is mandatory.
- Musher packs will be distributed to all mushers at the compulsory Mushers' Meetings on Friday 23 August.
- Head and tail lights are mandatory for the evening heats for all classes. It is recommended that you have an effective headlight for the morning heats as it can be dark in forested areas of the trails, and lighting will help to make the reflectorised markers more visible.
- Class changes for sanctioned events, after entries have been accepted, must be accompanied by "just cause" and must be presented to the Race Marshall before the Mushers' Meeting. The Race Marshall's decision will be final.
- All sanctioned classes will only be run if there are three (3) or more entries received by the official closing date (14 August 2019). If there are insufficient entries for any given class, mushers who have entered for that class will be contacted regarding alternative options.
- Dogs must be kept on a lead at all times and are not allowed into any buildings at the race venue.
- Noise is not a factor - nearest neighbours are a long way off. However, there will be people who want a good night's sleep so please be considerate.
- All holes are to be filled in, and all dog mess disposed of appropriately; rubbish bins will be available.
- All dogs (whether racing or just staying at the Scout Camp) must have been immunised and be free of infectious disease.
- Remember - never bring any dog that may have been exposed to a contagious disease to a race.
- It is the responsibility of the musher to ensure that all the dogs he/she will be racing are appropriately conditioned and in a fit state to complete the race(s), and to monitor the wellbeing of their dogs.
- It is envisaged that a competitor can enter a number of the sanctioned events provided they have sufficient dogs and/or the dogs are adequately conditioned for the workload. However, this will be at the competitor's own risk. There is no guarantee that the competitor will have enough time to complete one event and get to the start in time for the next event. There is a risk that a competitor's bib allocation for consecutive events will not allow enough time to make the following start time.
- **Cancellations:** Any entry cancellation received a minimum of 5 days prior to the first event will be eligible for a full refund. Any cancellation received within the 5 days prior to the first event MAY be eligible for a partial refund upon assessment by the SSDA committee after the event. Please allow 14 days after the event for any refund to be processed.

Accommodation

As always, accommodation for the mushers is available at the 'dog friendly' Scout Camp at Sandy Point (see attached map for directions). This means that mushers (who stay at the camp) do not have to drive their dogs and their equipment to the race staging point, as the start and finish points for the Foscender Park race course is based adjacent to the Scout Camp!

Dogs must not be taken into any building at the Scout Camp.

You need to provide your own sleeping bag/bedding, towels etc.

The Scout Camp is also suitable for tenting, caravans and motorhomes. Please note that you will still be required to pay the accommodation fee.

The Scout Camp will be open on Friday. A permanent directional sign is on the main board at the corner of Dunns Road and Sandy Point Road, and there is another sign at the turn off to the Scout Camp.

Other accommodation options for mushers who choose not to stay at the Scout Camp include:

- Beach Road Holiday Park ~ 375 Dunns Road ~ 03 213 0400
- Surrey Court Motels ~ 400 Tay Street ~ 03 217 6102
- ASURE Evergreen Motel ~ 217 North Road ~ 03 215 9135
