

The Trailblazers Sled Dog Club

IN ASSOCIATION WITH

Lupa Kennels

PRESENTS THE

Westport Scooter Derby 2020!

When:

19th & 20th of September

Where:

- * Westport North Beach (Derby St)
- * Patterson Park Racecourse
- * Lost Lagoon Cycle Tracks

Classes:

- * 1+2 Dog Scooter
- * Bike Jouring
- * Canicross
- * Junior

Race Marshall:

Karen Duncan-Caley

Head Time Keeper:

Bruce Northway

Track Marshall:

Steve Potter

This will be the fourth running of the Westport Scooter Derby. The aim is to be able to throw 1 or 2 dogs in the car, scooter or bike on the back and come for a fun, social outing with your dogs in a controlled environment. The course will be short for some but long for others but all should be fun!

It will be run over two days with three separate races on three separate courses. Trails will vary from shady leaf mould, grass, sand and packed gravel. All trails are flat but a few tight corners and few fun obstacles have been thrown in (Race 3). Distances are from 1.8km- 3.0km.

Entries Close:

Entries close on the **8th of September** if you want your name in the 'Program'. Although entries are being accepted up to the 17th of September. Entries will only be accepted with payment of entry fees.

Weekends Format

All classes will have three separate races, all timed and combined to one overall time. To be eligible for 'overall' times and prizes, you must keep the same dogs and musher in all three races.

At this stage, only the first two races will be mass starts for scooters and bike joring but all three races for canicross will be mass start except Junior/Peewee, so please be aware of you and your dogs capabilities.

All tracks are on public domain so although we will do our best to prevent the situation, please be aware that you may encounter members of the public and their dogs. Race 1 will run partly on a gravel road, so you will also need to be aware of traffic.

Scooters

We will run heats in 1 and 2 dog scooter, if numbers are too great in either class, or if people want to race one or more sets of dogs in multiple entries. For example, a six dog team could effectively be split into three 2 Dog teams, or two 2 Dogs and two 1 Dog teams.

If classes are too large we may break them down to more heats to manage the mass starts. There will also be First Siberian Team and First Malamute Team prizes in scooter and bike classes.

Bike-Jouring/Cani-Cross

Bike-Jouring and Cani-Cross will have three heats to be combined into one score. Sorry but we are only offering 1dog in both Bike-Jouring and canicross, and are not accepting multiple entries.

Prizes:

To be eligible for Overall Prizes you must run with the same musher and dogs in all three races. First Siberian Teams and First Malamute Team prizes are also available in scooter and bike classes.

Race Details:

1 & 2 Dog Scooter - *R1= Mass Start (Bibs by order of entry)
*R2= Mass Start (Same Bib)
*R3= Timed Starts (Same Bib)

Bikejoring - *R1= Mass Start (Bibs by order of entry)
*R2= Mass Start (Same Bib)
*R3= Timed Start (Same Bib)

Cani-Cross – ALL MASS STARTS! (Bibs by order of entry)
Juniors – To be decided on the day, likely to be 15 second starts.

Please Note:

We are becoming known for providing a challenging weekend and although these tracks are relatively short, they will provide a challenge in the least likely places. Please be careful, whilst also enjoying yourselves!

Race 1: Westport North Beach

Car parking will be situated off the end of Derby Street (Beach Road). Simple square providing it is dry the week before-hand, otherwise do plenty of swimming practice. We also now have wee mounds that you will need to be careful overcoming.

Race 2: Patterson Park

Westport Trotting Clubs track, complete with grandstand so you will be under scrutiny all of the way. Shorter on the inside, longer on the outside. Be aware that this is the race that the public like to watch.

Race 3: Lost Lagoon Cycle Track

Car parking will be situated at the Shingle Beach off Coates Street.

PLEASE BE CAREFUL this track has very tight and windy corners, especially the middle portion, which contains some added challenges. It contains leaf mould, that can be very slippery under wheel.

*Make sure your brakes work.

*Take care passing. If you are caught, let the other team/s pass and get going!

*It will be **Whitebaiting Season** - be super careful of the public!

Refreshments:

Hopefully we will have some local fundraisers at some of the race meets so please throw some change in your glove box for coffee ect.
